

We are asking our listeners to include the following three points in their comments to the FCC:

K-LOVE is a part of my daily life. I listen to it at home, in the car, and at work. I have been able to tell others about K-Love who need the positive and encouraging message K'Love offers. I can't imagine my life without K-Love in my local community.

I can't imagine the total effect on the local community if K-LOVE were to be displaced by an LPFM broadcaster providing other programming. Many people I know not only listen to K-Love, but also give donations to support it. It keeps us informed about Christian events in our area. It provides a daily positive, encouraging message for our lives. They encourage us to do things to help others in our community. Staff pastors are available 24 hours a day to counsel those in need, like suicide counseling. The service provided by K-LOVE is in the public interest.
